

NANOS' Illustrated Curriculum for Neuro-Ophthalmology

This title is an exclusive STAT!Ref resource combining three elements: *NANOS' Illustrated Curriculum*, *Walsh & Hoyt's Clinical Neuro-Ophthalmology*, and *NANOS Examination Techniques (NExT)*. *NANOS' Illustrated Curriculum* is a collection of resources used to supplement learning by residents, fellows, educators, researchers and clinicians. *Walsh & Hoyt's* is the foundational text. Please see below for more details.

NANOS Illustrated Curriculum Updated!

The NANOS Illustrated Curriculum (IC) was produced by the Neuro-ophthalmology Virtual Education Library (NOVEL) team at the Spencer S. Eccles Health Sciences Library at the University of Utah in collaboration with the North American Neuro-ophthalmology Society (NANOS) Curriculum and NOVEL Committees. All material peer-reviewed by the NANOS NOVEL Editorial Board.

The outline is based on the NANOS Curriculum which was developed by the NANOS Curriculum Committee, approved by the NANOS Executive Board. The 2020 version published in the *Journal of Neuro-Ophthalmology*. (JNO 2020 Sep;40(3):e29-e30) *NANOS Examination Techniques (NExT)* is now included in the IC!

The content was licensed for STAT!Ref to support residencies and fellowships and increase the availability of resources in neuro-ophthalmology .

Walsh & Hoyt's Clinical Neuro-Ophthalmology

Walsh & Hoyt's Clinical Neuro-Ophthalmology is the most comprehensive reference on diagnosis and treatment of neuro-ophthalmologic diseases. Coverage includes major updates on genetics of diseases, new diagnostic techniques, and the newest treatment options.

- Volume 1 covers the visual sensory system, the autonomic nervous system, the ocular motor system, the eyelid, facial pain and headache, and nonorganic disease.
- Volume 2 covers tumors, the phacomatoses, and vascular disease.
- Volume 3 covers degenerative, metabolic, infectious, inflammatory, and demyelinating diseases.

Walsh & Hoyt's Clinical Neuro-Ophthalmology is a Doody's Core title.
